## Report on National Mathematics Day 2023

On 22nd December 2023, the Department of Computer Science, celebrated National Mathematics Day 2023, a day that commemorates the birth anniversary of the legendary mathematician Srinivasa Ramanujan.

On this occasion, the Department organized an Exhibition of two competitions:

1. **Mandala Math Artistry** : *Mandalas, with their intricate geometric designs, have been used across cultures as a form of art and meditation for centuries. "Mandala Math Artistry" aims to combine the beauty of mandalas with the elegance of mathematics, fostering creativity and problem-solving skills in participants.*

2. **Math-Meme-Mania** : *Memes have become a popular and humorous way to communicate ideas and concepts in the digital age.*

The primary objective of the "Mandala Math Artistry" competition is to encourage participants to create original mandalas using mathematical concepts and principles. "Math-Meme-Mania" competition aims to combine the world of mathematics with the creativity of memes, making math more relatable and fun for participants of all ages. The primary objective of this Competition is to encourage participants to create and share mathematical memes that are both informative and entertaining. Both the competitions aim to collaborate Left brain as well as Right brain aspects of Mathematics as a part of critical thinking.

The inauguration of the exhibition was done by Prof. Archana Gawade, Marathwada Mitra Mandal's Junior College, Deccan Gymkhana, who was also the judge of the competitions. Prof. Archana Gawade was mesmerized with the artistry and critical thinking by the participants and discussed that the evaluation for the competition was truly challenging. Prof. Nidhi Satavlekar, HOD of the Computer Science Department appreciated the efforts of the organizers and the student volunteers in incorporating creativity with Mathematics. The competition was organized by Prof. Rushika Kinjawadekar and Prof. Rupali Dhawale. Staff members were also engaged in a stress buster activity of coloring mandalas.

All the participants were awarded a participation certificate. The winners of the competition were as follows:
