Report

Name of the event: Guest Session on Cyber Security

Date: 15th October, 2022

Time: 10:30 AM–12:00 PM

Venue: Hall no. 5

Name of the Guest Speaker: Mr. Aditya More

Brief description of the event

With so much good coming from technology, it can be hard to believe that potential threats lurk behind every device and platform. Yet, despite society's rosy perception of modern advances, cyber security threats presented by modern tech are a real danger.

To know more about cyber security and to educate students regarding it, the Department of Computer Science organized a Guest Lecture on "Cyber Security" By Mr. Aditya More, an Eminent Alumni of MMCC on 15th Oct, 2022.

He interacted with First year students. According to him, "The Next World War will be only for Cyber Data". His talk geared on various facts of Cyber Stalking, Extortion, Spoofing, Cyber Crimes and Cyber Forensics. He discussed crime investigation case studies. His talk pursued Privacy Policy for various applications that are freely available. He catered usage of Disposable Email Accounts and explained the importance of it. Mr. Aditya had also shown different practical examples of Cyber Crimes happening nowadays and also explained protection measures that one needs to take for protecting their banking and social accounts from hackers.

The session was very interesting and informative and was appreciated by the students who attended this session.

Dr. Devidas Golhar
