Report on "Green Club Inauguration"

25/02/2024

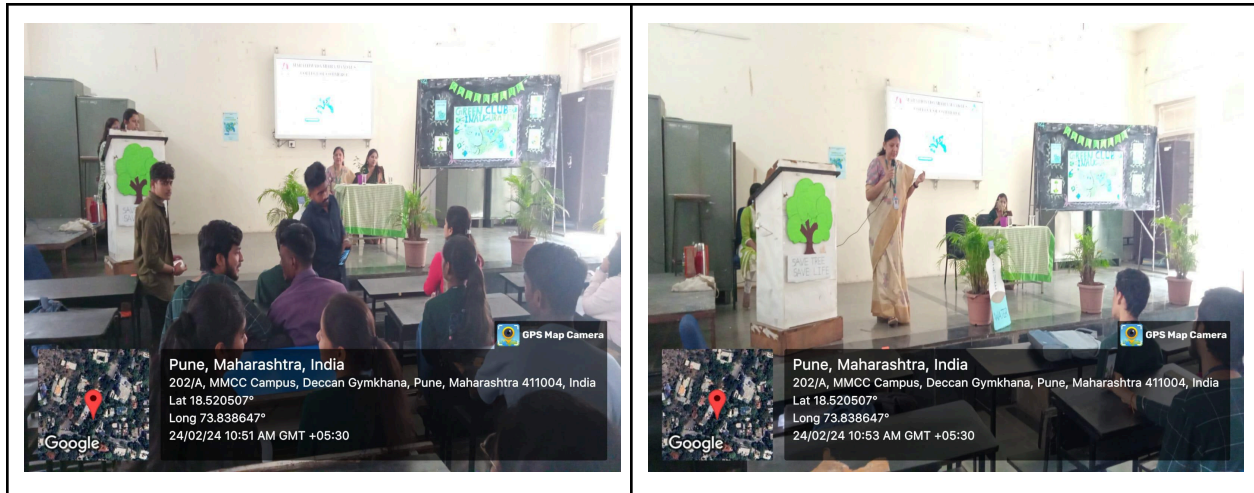

Introduction:

In accordance with the directives outlined in Savitribai Phule Pune University circular no. 2023-24/120 dated 20/09/2023, Marathwada Mitra Mandal's College of Commerce, Pune, officially established the Green Club. The club, inaugurated on 24th February 2024 at 10:30 am, aims to promote environmental awareness, sustainability, and the conservation of natural resources. This initiative is a collaborative effort between the Maharashtra Government and UNICEF.

Objectives:

- (i) Promote environmental awareness among students and the community.
- (ii) Foster a culture of sustainability within and outside the college campus.
- (iii) Encourage active participation in the conservation of natural resource activities.
- (iv) Collaborate with local authorities and organizations for environmental initiatives.
- (v) Provide a platform for students to engage in eco-friendly practices and initiatives.

Event Highlights:

The inauguration ceremony, held at Marathwada Mitra Mandal's College of Commerce, Pune, was graced by Mrs. Archana Kamthe, Faculty of Environmental Studies (MMCC), as the chief guest. Mrs. Kamthe shared valuable insights on potential environmental activities under the Green Club's purview and encouraged students to participate actively. Approximately 158 students, faculty, and staff attended the event, indicating widespread interest and support.

Conclusion:

The inauguration of the Green Club signifies a pivotal step in Marathwada Mitra Mandal's College of Commerce's commitment to environmental sustainability. The event successfully raised awareness about the club's objectives and garnered support from the college community with the active involvement of students and faculty, the Green Club is poised to lead impactful environmental initiatives and contribute to a greener future. The club also guarantees to serve as a platform for individuals to come together, share ideas, and take collective action to create a more sustainable and environmentally conscious society. By fostering a sense of community and shared responsibility, these initiatives will have a significant impact on reducing environmental degradation and building a more resilient future for generations to come.
