### MMCC Cyber Security Cell

### Report on - Poster Competition

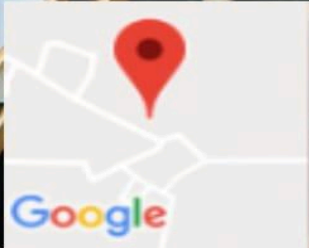

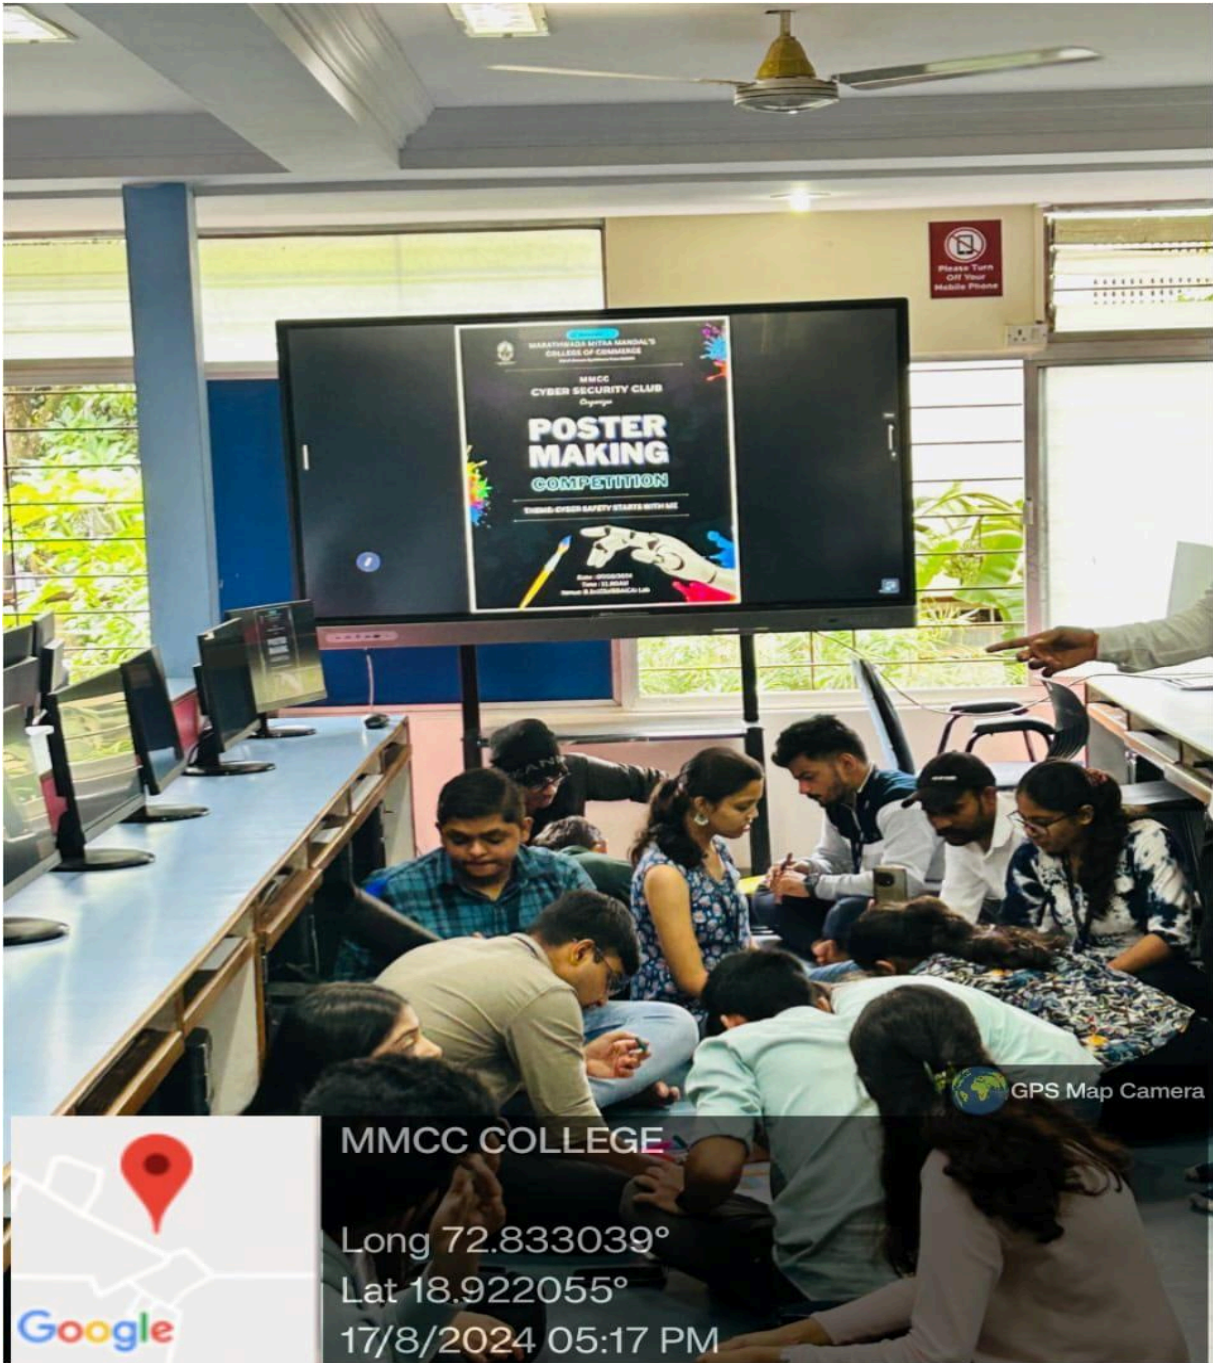

MMCC recently established "Cyber Security Cell" to conduct various activities and awareness programs to enlighten students and stakeholders with the knowledge and skills to identify potential cyber threats in accordance with the directives received from the university. In view of this, to observe "Cyber Jagrookta Diwas" (Cyber Awareness Day), MMCC Cyber Security Cell organized a Poster Competition on 7th August 2024. Around 120 students participated in this competition. Competition was judged by Prof. Dr. Saurabh Ubale.

The theme of the poster competition was "Cyber Safety Starts with ME" focusing on the importance of personal responsibility in cyber safety and encouraging others to take action. Students demonstrated significant creativity through various innovative approaches which made the posters more engaging and also enhanced their educational impact, making complex cybersecurity concepts more accessible and memorable for a broader audience.

#### Objectives:

1. The Primary objective of this competition was to raise awareness and educate participants and stakeholders about cybersecurity threats, best practices, and the importance of protecting personal and organizational information.
2. To provide a platform for individuals to showcase their artistic and design skills while contributing to a meaningful cause.
