Report on

BEST OUT OF WASTE COMPETITION

Date: 2nd September 2024

Venue: College Auditorium, near Dnyaneshwar Hall

Objectives:

The Best Out of Waste Competition aimed to foster creativity and innovation among students while promoting environmental awareness and sustainability. The primary objectives of the event were:

Encouraging Creative Thinking:

Promoting Recycling and Upcycling:

Raising Environmental Awareness:

Observations:

The competition was held on 2nd September 2024, with a total of 31 students participating. The event saw a diverse range of creative projects, each made from waste materials. Some key observations from the competition include:

- **Diversity of Projects:** Students presented a variety of items, such as decorative pieces, accessories, and even small items etc.
- **Innovative Use of Materials:** Participants used a wide range of waste materials, including old newspapers, plastic bottles, metal cans, fabric scraps, and electronic waste, demonstrating resourcefulness in their creations.
- **Sustainable Themes:** Many projects incorporated themes related to sustainability and environmental conservation, reflecting a strong awareness of current global issues.
- **Presentation Skills:** In addition to their creative works, students also impressed with their presentation skills, explaining the significance of their projects, the materials used, and the process of creation.

Outcome:

The competition successfully achieved its objectives, fostering a spirit of innovation and environmental consciousness among the students. The outcomes of the event were:

- **Enhanced Awareness:** Students gained a deeper understanding of the importance of recycling and sustainable living. The event raised awareness about the potential of waste materials to be transformed into useful and beautiful objects.

- **Skill Development:** Participants developed valuable skills such as creativity, problem-solving, and effective communication, which are essential for their personal and professional growth.
- **Encouragement of Sustainable Practices:** The competition motivated students to adopt more sustainable practices in their daily lives, promoting a culture of environmental responsibility within the college community.

Winners of the Competitions are as under:

1st Prize: Shivani Kudale and Sanjana Patil – SYBBA(CA) – Made Ganpati from Coconut Shell

2nd Prize: Anushka Ghorpade and Tanushree Jadhav – FYBSC(CS) – Table Lamp Made from E Waste

2nd Prize: Sneha Hiwrale, Umar Motkiwale and Alish Shaikh – FYBCOM – Bag from Cloth Waste

3rd Prize: Purva Nalawade and Pushpa Bishnoi – SYBBA-IB – Pot from Plastic Waste

3rd Prize: Sanjivani Bhaskaran – TYBBA-IB – Flower from Cloth Waste

Competition is organized by Asst. Prof. Snehal Borkar and judged by Asst. Prof. Geeta Patil and Asst. Prof. Komal Dhoot.

Overall, the Best Out of Waste Competition was a great success, leaving a lasting impact on all participants and attendees. It reinforced the importance of sustainability and showcased the incredible potential of creative thinking in addressing environmental challenges.
