MMCC Cyber Security Cell

Report on - Article Writing Competition

To observe "Cyber Jagrookta Diwas" (Cyber Awareness Day), MMCC Cyber Security Cell organized an Article Writing Competition on 4th September 2024. Around 80 students participated in this competition.

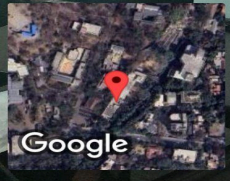

The topic of the Article Writing Competition was "Navigating a Cyber Security Journey" that aimed to highlight past cyber security experiences of students focusing on threats and impacts, actions taken and awareness done by them. Students were expressive throughout their experience narration and seemed confident in sharing their story in an article format. They even jotted a few tips to spread awareness about cyber security.

Objectives:

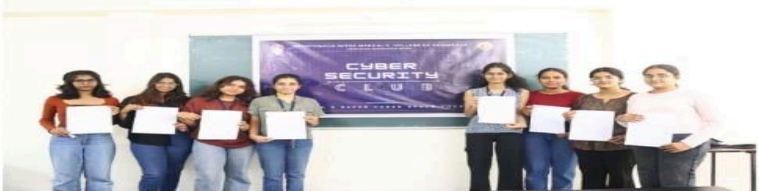

1. The Primary objective of this competition was to encourage participants to explore and illustrate the real-world impact of cybersecurity issues, such as data breaches, identity theft, and cyberattacks on businesses and individuals.
2. Another objective is to provide a platform for participants to develop and showcase their writing and communication skills, particularly in this technical field.
