Objective:

The guest lecture on online banking was organized, aiming to provide insights into the evolving landscape of digital banking. The main objective of the Online Banking lecture was to elaborate the concept and evolution of online banking, highlighting its role in transforming traditional banking practices into more accessible digital solutions.

Observation:

A detailed explanation was provided on services such as funds transfer, bill payment, mobile banking, and e-wallets, emphasizing their convenience and efficiency. The session underscored potential risks like phishing, identity theft, and malware, and highlighted the importance of secure systems, two-factor authentication, and customer awareness.

Key Outcome:

The guest lecture was an informative and engaging session, equipping attendees with valuable knowledge on the significance and future of online banking. It inspired the students to embrace digital innovations while staying vigilant against cyber threats. The lecture concluded with a vibrant Q&A session, where participants sought clarifications on security protocols, the impact of online banking on traditional branches, and the implementation of AI in banking.

In all 60 students attended the session and gave positive feedback.
