Report on - GuruPournima

Introduction: Guru Purnima is a significant festival dedicated to honoring spiritual and academic teachers, symbolizing gratitude for their wisdom and guidance. Gurus have been respected in our culture, guiding us towards knowledge, wisdom, and spiritual growth. On the auspicious occasion of Guru Purnima, we BBA(CA) students and teachers, successfully organized a seed plantation drive at ARAI Hills!

Objectives:

1. To inculcate traditional knowledge of mindfulness practices amongst the students in addition to all-around professional growth.
2. To respect importance of Mother Nature as our ultimate Guru

Highlights: The main goal of learning from the past and integrating Indian knowledge systems is to use our ancient knowledge systems, which are characterized by an unbroken tradition of knowledge transfer and a distinctive point of view. Students and teachers planted seeds of Behada, Bahava and Madhulata. Such act sowed valuable lessons about sustainability, conservation, adaptability and living in harmony with the environment.

Outcomes: Nature has an innate ability to heal and rejuvenate. As we immerse ourselves in the natural beauty surrounding us during a walk, we experience a sense of calmness. It's a reminder of the beauty that exists beyond our screens and routines.
