GREEN CLUB

Report on Green Club Inauguration for the A.Y 2025 - 26

- 1) **Nature of the event:** Inauguration Programme
- 2) **Title of the event:** Green Club Inauguration Programme for the A.Y 2025 - 26
- 3) **Organized by:** Green Club
- 4) **Date:** 12th August 2025
- 5) **Time:** 9:30 am to 11:00 am
- 6) **Venue:** Dnyaneshwar Hall
- 7) **Resource Person:** Dr. Ankur Patwardhan
- 8) **Objectives of the Programme**
 - i. To create awareness among students about environmental sustainability.
 - ii. To encourage students to actively participate in Green Audit activities.
 - iii. To promote energy and water conservation practices in the campus.
 - iv. To inspire students to conserve biodiversity and protect endangered species.
 - v. To motivate students to contribute towards eco-friendly practices such as plantation, organic farming, and waste management.
- 9) **Audience:**

All Green Club members and Faculty members from various departments such as B Com, BBA, BBA (CA), BBA (IB) and B Sc had participated in the event.
- 10) **Number of Participants:**

A total of 155 participants attended the event, contributing to its overall success.
- 11) **Brief description of the event:** On the occasion of Green Club Inauguration Dr. Ankur Patwardhan delivered a session on “Green Campus and Butterfly”. The brief description of the same is as follows:

Student Contribution in Green Audit:

Dr. Patwardhan encouraged students to actively participate in the Green Audit process. He suggested activities such as:

- Counting the number of plants in the campus.
- Adopting and watering plants.

- Preparing saplings from seeds.
- Conducting water audits in the college.
- Switching off lights and fans when not in use to conserve energy.

Research on Butterflies:

He shared insights from his research on butterflies and explained their role in pollination. Increased pollination helps improve the yield of crops and fruits, thereby supporting ecological balance and agricultural productivity.

Organic Nectar Production:

Dr. Patwardhan also spoke about his involvement in producing organic nectar that attracts butterflies, thereby enhancing biodiversity.

Conservation of Endemic and Endangered Plants:

He highlighted his work on conserving endemic and endangered species of plants from the Western Ghats, emphasizing the importance of protecting native flora for ecological stability.

12) Learning Outcome:

From Dr. Ankur Patwardhan's address, the students were able to:

1. Understand the Role of Green Audit – Recognize the importance of their active participation in environmental audits through activities like plantation, water management, and energy conservation.
2. Gain Awareness of Biodiversity – Learn about the ecological significance of butterflies and their contribution to pollination, crop yield, and ecological balance.
3. Appreciate Sustainable Practices – Understand the benefits of producing and using organic nectar to attract pollinators and enhance biodiversity.
4. Value Conservation Efforts – Realize the need to conserve endemic and endangered plant species, particularly from the Western Ghats, for ecological stability and sustainability.
5. Develop Environmental Responsibility – Become motivated to adopt eco-friendly practices in daily life and contribute towards sustainable development.

Glimpses of Green Club Inauguration Programme

14) Feedback:

Students found Dr. Ankur Patwardhan's session insightful and motivating. They appreciated learning about simple eco-friendly practices, the role of butterflies in pollination, and the importance of conserving endangered plants. The lecture inspired them to actively participate in Green Club activities and contribute to sustainability.

15) Acknowledgement:

The success of the workshop was made possible by the collective efforts of many individuals. The Green Club extends its deepest gratitude to:

- **Dr. Ankur Patarwardhan** for sparing his valuable time, sharing his expertise, and motivating the students with his insightful talk.

- **Principal Dr.** Ganesh Patare for his constant encouragement, support, and guidance in planning and executing the programme.
- The **student volunteers worked** with enthusiasm, dedication, and teamwork in handling logistics, registrations, seating arrangements, and technical support, ensuring the smooth flow of the event.
- All the **Green Club members** for their presence and cooperation.
