Report on Industrial Visit Babu's Laxminarayan Best Chivda Pvt. Ltd.

1. **Nature of the Event:** Industrial Visit
2. **Title of the Event:** Industrial Visit to Babu's Laxminarayan Best Chivda Pvt. Ltd.
3. **Organized by:** Department of Computer Application
4. **Date:** Thursday, 31 January 2026
5. **Time:** 7.30 AM – 2:00 PM
6. **Venue:** Babu's Laxminarayan Best Chivda Pvt. Ltd., Wadki
7. **Resource Person:** Company Representative / Production Manager of Babu's Laxminarayan Best Chivda Pvt. Ltd.
8. **Objectives of the Program:**
 - To provide students with practical exposure to industrial operations.
 - To understand the production and packaging process in the food industry.
 - To observe the use of technology and management systems in industries.
 - To bridge the gap between theoretical knowledge and real-world practices.
9. **Audience:** SYBBA (CA) students and faculty members.
10. **Number of Participants:** 71 Students accompanied by 3 teaching staff and 3 non-teaching staff, participated in the visit.
11. **Brief Description of the Event:**

The Department of Computer Application organized an industrial visit for SYBBA (CA) students to Babu's Laxminarayan Best Chivda Pvt. Ltd. at Wadki. The visit aimed to provide students with practical insights into industrial processes and management practices.

During the visit, students were given a guided tour of the production unit where they observed the preparation, mixing, frying, quality control, and packaging of chivda products. The resource person explained the machinery used, hygiene standards, storage methods and quality assurance techniques followed by the company.

Students also learned about inventory management, supply chain processes and the role of computerized systems in maintaining production records and distribution. The session concluded with an interactive question-and-answer round where students clarified their doubts about industrial operations and career opportunities.

The visit was coordinated by Prof. Meenal Kabra and accompanied by HoD Prof. Nidhi Satavlekar along with faculty members Prof. Vishakha Wagh.

12. Learning Outcomes:

- Students gained practical knowledge about food processing and packaging.
- Understood the importance of quality control and hygiene standards.
- Learned about the role of computer applications in inventory and production management.
- Developed awareness of real-world industrial workflows.

14. Feedback:

Students expressed that the industrial visit was informative and engaging. They appreciated the opportunity to observe real-time industrial processes and understand how theoretical concepts are applied in practice. The interactive session helped them gain clarity about industry expectations and career prospects.

15. Acknowledgement:

The Department of Computer Application sincerely thanks **Principal Dr. Kishor Nikam** for his valuable guidance and **Dr. Ganesh Patare** for his continuous support, which contributed to the successful execution of the industrial visit.
