**Department of Computer Application**  
**Report on Workshop on “Mastering AI Prompt”**

1. **Nature of the Event:** Workshop and Hands on Training
2. **Title of the Event:** Mastering AI Prompt
3. **Organized by:** Department of Computer Application
4. **Date:** Tuesday, 20th January 2026
5. **Time:** 10:30 AM – 2:30 PM
6. **Venue:** BBA CA Lab
7. **Resource Person:** Mr. Pratik Mahale, AI & ML Security Architect
8. **Objectives of the Program:**
  - To bridge the gap between basic AI usage and advanced prompt engineering
  - To introduce students to AI models and their behavior
  - To develop skills in writing clear, concise, and goal-oriented prompts
  - To provide hands-on experience in prompt building
9. **Audience:**

Students of the Department of Computer Application , faculty members and invited students from other institutes.
10. **Number of Participants:** 94
  - 88 students from BBACA
  - 2 faculty members from MMID
  - 4 students from MMCOE

## 11. Brief Description of the Event:

The Department of Computer Application organized a one-day workshop titled **“Mastering AI Prompt”** on 20th January 2026. The workshop aimed to bridge the gap between basic AI usage and advanced prompt engineering techniques. The session was rigorous and highly informative, covering both theoretical concepts and practical applications. Topics included an introduction to AI models and their behavior, as well as principles of writing clear, concise, and goal-oriented prompts. The resource person, **Mr. Pratik**, AI & ML Security Architect, ensured active participation through real-life examples, case studies, and hands-on prompt-building exercises. The interactive nature of the workshop helped participants better understand how prompt structure influences AI outputs.

The workshop was formally inaugurated by **Principal Dr. Kishor Nikam**, who delivered the keynote address for the workshop. In his address, he emphasized the importance of emerging technologies like Artificial Intelligence and encouraged students to develop practical and industry-relevant skills.

The **IQAC Coordinator, Dr. Ashwini Kulkarni**, was present for the inaugural session. The workshop was initiated by the **Head of the Department, Prof. Nidhi Satavlekar**. The event was efficiently coordinated by **Prof. Meenal Kabra** and supported by **Prof. Vishkha Wagh**, whose efforts ensured the smooth conduct of the workshop.

The workshop concluded with a **valedictory session**, during which **Dr. Ganesh Patare, Academic Coordinator**, addressed the participants and shared his valuable message. **Certificates were distributed to the participants during the valedictory programme**, marking the successful completion of the workshop.

## 12. Learning Outcome:

- Understanding of AI models and prompt behavior
- Ability to design effective and structured AI prompts
- Improved analytical and critical thinking skills
- Practical exposure to advanced prompt engineering techniques

## 13. Photographs:

Trainer - Mr. Pratik Mahale Training to give right prompt

Trainer - Mr. Pratik Mahale explaining the theory

Felicitation of Trainer Mr. Pratik by the hands of the Principal, Dr. Kishor Nikam

#### 14. Feedback:

The workshop received very positive feedback from participants. Students appreciated the depth of content, interactive sessions and hands-on approach. The workshop helped them gain practical knowledge and confidence in working with AI tools.

### 15. Acknowledgement:

We sincerely thank our **Principal, Dr. Nikam Sir**, for encouraging the organization of such knowledge-enhancing events. We are also grateful to **Dr. Patare Sir, Academic Coordinator**, for his continuous guidance and support throughout the planning and successful execution of the workshop. We extend our heartfelt thanks to the resource person for sharing valuable insights and making the workshop a grand success.
