Report on Guest Session on Career Opportunities in Supply Chain Management

1. **Event Name:** Guest Session on Career Opportunities in Supply Chain Management
2. **Organized by:** Department of Business Administration
3. **Day and Date:** Saturday, 11th July 2026
4. **Venue:** P. B. Sawant Hall
5. **Resource Person:** Mr. Onkar Wagh
6. **Objectives of the Program:**
 - To introduce students to the field of Supply Chain Management and its growing importance in modern businesses.
 - To create awareness about diverse career opportunities available in supply chain, logistics, procurement, warehousing, and operations management.
 - To bridge the gap between academic learning and industry expectations by providing practical insights.
 - To guide students on the skills, certifications, and career pathways required for success in the supply chain industry.
7. **Audience:**

The session was organised for students of SY and TY BBA and BBA-IB.
8. **Number of Participants:**

A total of 58 students attended the session.
9. **Brief description of the event:**

The Department of Business Administration organized a guest session on "Career Opportunities in Supply Chain Management" with the objective of familiarizing students with the expanding scope of supply chain management and the wide range of career opportunities available in the field.

The session was conducted by an experienced industry professional who introduced students to the concept of Supply Chain Management (SCM) and explained how it integrates procurement, production, inventory management, warehousing, transportation, logistics, and customer service to ensure the efficient flow of goods and services from

suppliers to end consumers.

The resource person highlighted the increasing importance of supply chain management in today's global business environment. Through practical examples from industries such as manufacturing, retail, e-commerce, pharmaceuticals, FMCG, and automobile sectors, students gained an understanding of how efficient supply chain operations contribute to organizational success and customer satisfaction.

Students were introduced to various career opportunities in the field, including roles such as Supply Chain Analyst, Procurement Executive, Logistics Coordinator, Inventory Manager, Warehouse Manager, Demand Planner, Operations Executive, Purchasing Manager, Distribution Manager, and Supply Chain Consultant. The speaker explained the responsibilities associated with each role and the career progression available in the industry.

The session also focused on the skills required to build a successful career in supply chain management. The resource person emphasized the importance of analytical thinking, problem-solving ability, communication skills, data analysis, teamwork, decision-making, and proficiency in digital tools such as ERP systems, SAP, Excel, and business analytics software. Students were also informed about professional certifications and higher education opportunities that can enhance employability in the supply chain domain.

To provide practical exposure, the speaker shared real-life case studies illustrating how organizations overcome supply chain challenges through effective planning, coordination, and technology-driven solutions. Current trends such as digital supply chains, automation, artificial intelligence, sustainability, and global sourcing were also discussed, helping students understand the evolving nature of the profession.

The session concluded with an interactive question-and-answer session, during which students actively participated by asking questions related to internships, placement opportunities, required certifications, salary prospects, and career growth in supply chain management. The resource person addressed the queries with practical guidance and encouraged students to continuously upgrade their skills to remain competitive in the industry.

Overall, the session proved to be highly informative and inspiring, motivating students to explore career opportunities in one of the fastest-growing functional areas of business management.

10. Learning Outcome:

- Students developed a clear understanding of the scope and importance of Supply Chain Management.
- They gained awareness of various career opportunities available in procurement, logistics, warehousing, inventory, and operations management.
- Students understood the technical and professional skills required for building a successful career in the supply chain industry.

- The session enhanced students' knowledge of current industry trends, technological advancements, and global supply chain practices.
- Students became aware of professional certifications, higher education options, and career pathways in Supply Chain Management.

12. Acknowledgement:

The Department of Business Administration expresses its sincere gratitude to Principal Dr. Kishor Nikam for his constant encouragement and support in organizing this guest session.

We extend our heartfelt thanks to Mr. Onkar Wagh the resource person, for sharing valuable industry knowledge and practical insights on career opportunities in Supply Chain Management. The session significantly enhanced students' understanding of the field and inspired them to explore careers in logistics and supply chain management.

We also express our sincere appreciation to Dr. Ganesh Patare, Academic Co-ordinator, Dr. Gurmeet Kaur Rajpal, Head of the Department, faculty members, and student volunteers for their dedicated efforts in planning, coordinating, and successfully conducting the session.
