Report on Guest Session on “Empowering Women through AI Skills and Career Opportunities”

1. **Nature of the event:** Guest Session
2. **Title of the event:** “Empowering Women through AI Skills and Career Opportunities”
3. **Organized by:** Department of Computer Science, in association with the Training and Placement Cell
4. **Date:** Monday, 20th July 2026
5. **Time:** 12:00 p.m. to 1:00 p.m.
6. **Venue:** Hall No. 4
7. **Resource Person:** Ms. Prajakta Kumbhar, AI Trainer, Nirmaan Organisation
8. **Objectives of the Program:**

The primary objectives of conducting the guest session were:

- To create awareness among girl students about the growing role of Artificial Intelligence (AI) in various career fields.
- To empower women students by introducing them to essential AI skills relevant to today's job market.
- To motivate students to explore career and entrepreneurship opportunities emerging in the field of AI.
- To build students' confidence in pursuing technology-driven careers.
- To encourage a mindset of continuous learning and upskilling among women in technical disciplines.

9. **Audience:**

The guest session was organized for all girl students of **T.Y.B.Sc. (Computer Science)**. The session aimed to inspire and equip young women with the knowledge and confidence needed to pursue AI-related careers.

10. Number of Participants:

A total of **50** students actively participated in the Empowering Women through AI Skills and Career Opportunities guest session, making the program highly engaging and successful.

11. Brief description of the event:

In today's rapidly evolving technological landscape, Artificial Intelligence has opened up a wide range of career opportunities, and encouraging greater participation of women in this field is essential for building an inclusive workforce. With this objective, the Department of Computer Science, in association with the Training and Placement Cell, organized a guest session on “Empowering Women through AI Skills and Career Opportunities” for all girl students of T.Y.B.Sc. (Computer Science).

The session was conducted by **Ms. Prajakta Kumbhar, AI Trainer at Nirmaan Organisation**, who shared her insights and practical knowledge on the growing significance of AI skills in the current job market. She spoke about the various career pathways available to women in the field of Artificial Intelligence, the skills required to enter and grow in this domain, and the importance of continuous learning to remain relevant in a technology-driven environment.

The resource person also shared real-world examples and encouraged students to overcome self-doubt and actively pursue opportunities in AI and emerging technologies. The session was interactive, with students actively participating and seeking guidance on how to begin building AI-related skills and plan their career paths.

Ms. Kumbhar informed the students that Nirmaan Organisation also provides placement assistance along with training in Artificial Intelligence and Machine Learning for girl students, offering them a valuable opportunity to further build their technical skills and enhance their employability.

Attendance for the session was made compulsory for all girl students of T.Y.B.Sc. (Computer Science) to ensure maximum benefit and participation.

12. Learning Outcome:

The guest session achieved its intended goals and resulted in several positive outcomes:

- Students gained awareness of the expanding career opportunities available to women in the field of Artificial Intelligence.
- They developed a clearer understanding of the foundational AI skills required for career growth in the technology sector.
- The session boosted students' confidence to explore and pursue AI-related career paths.
- Students were motivated to take proactive steps towards upskilling themselves in AI and related technologies.

- The program strengthened students' overall awareness of gender inclusivity and opportunities for women in the technology industry.

13. Photographs:

Felicitation of the resource person, Ms. Prajakta Kumbhar, by the HOD and TPO

Girl students of T.Y.B.Sc. (Computer Science) attending the guest session

14. Feedback:

Students expressed that the guest session was highly informative and motivating, as it gave them a clear understanding of how Artificial Intelligence is shaping career opportunities today. They appreciated the simple and relatable manner in which Ms. Prajakta Kumbhar explained AI concepts and the various career paths available to women in the field. Many students shared that the session boosted their confidence and inspired them to start exploring AI skills and certifications to strengthen their career prospects. Overall, students found the session valuable, engaging, and relevant to their professional growth.

15. Acknowledgement:

The success of the guest session was made possible by the collective efforts of many individuals. The Department of Computer Science and the Training and Placement Cell extend their sincere gratitude to:

- **Dr. Kishor Nikam, Principal**, for his constant support and encouragement in organizing the session.
- **Dr. Rajeshwari Biradar, HOD, B.Sc. (Computer Science)**, for her guidance and cooperation throughout the program.
- **Ms. Prajakta Kumbhar, AI Trainer, Nirmaan Organisation**, for her valuable insights and interactive session.
- **Dr. Sushil Gangane, Placement Coordinator, Prof. Samarth Ambekar**, Training and Placement Officer, and departmental placement coordinator **Prof. Sonali Wagh** for their dedication in planning, organizing, and coordinating the sessions.
- All participating students, for their enthusiastic involvement and active participation, which contributed to the overall success of the program.
